\$ BRAVO BOOTCAMP An encouraging, positive, team environment where everyone works together and no one is left behind. Each workout is designed to challenge all fitness levels with a mix of strength and cardiovascular exercises consisting of push-ups, sit ups, pull ups, squats, running/walking and more to increase endurance, power and strength!

\$ HIIT BOOTCAMP This fast moving and fun class will challenge participants to give their best effort but encourage them to work at their own pace featuring everything from pushups, burpees, sleds and flipping tires!

\$ HIIT FULL BODY Participants engage in a series of total body cardio and strength exercises reaching max effort with brief periods of rest in-between. The purpose of this class is to keep the heart rate consistently elevated in different target zones.

\$ HIIT STRENGTH Move quickly from body weight moves to using weights and other fun accessories! This dynamic workout uses varied tempos and resistance to challenge your whole body.

SPIN Intense group cycling class working both aerobically and anaerobically. An action packed ride that simulates real road conditions and is the ultimate calorie burner. Arrive 5 min. prior.

SPIN MIX Combines indoor cycling fundamentals with weights and pulsing music that will make you move! Body sculpting sections that will give you a full-body cycle workout. Arrive 5 minutes prior.

AQUA BLAST Get stronger and leaner with little impact on your joints using water resistance, aquatic dumbbells, noodles, steps and more. Come jump, kick and splash your way through this energizing class. Set to music and all fitness levels welcome.

PILATES Link the mind and body through this core strengthening mat class. Techniques improve posture and alignment while increasing flexibility and range of motion.

BARRE Strengthen the entire body, focusing on alignment and posture to improve balance, coordination, stability, strength and overall function. Most movements will use bodyweights but also incorporate equipment such as light dumbbells, mini ball and flat resistance band.

GENTLE YOGA Focus on breath and body to improve health, emotional balance and mental clarity. All levels welcome.

POWER YOGA This high-energy practice combines traditional power yoga flows with strength training, using light to moderate weights to build muscle, enhance stability, and boost metabolism. Expect a fast-paced sequence that integrates resistance training, core work, and deep stretching to leave you feeling both strong and balanced. Modifications are offered for all levels.

YOGA FLOW This all-levels class is designed to meet you where you are. Through a balanced blend of mindful movement, breathwork, and deep stretching, you'll build strength, improve flexibility, and cultivate inner calm. Expect a mix of grounding poses, gentle flows, and moments of stillness to help reset both body and mind.

SLOW FLOW Breath-centered yoga combining slow flow and Yin postures for balance, flexibility, and deep relaxation. Move mindfully, connect with your breath, and release tension at a gentle pace. All levels welcome.

WARM VINYASA FLOW You will be guided through a series of poses designed for strength and flexibility. Bring a towel and a water bottle.

PILATES YOGA FUSION Deep focus on core work while combining the flow and stretching aspects of yoga. Mind-body strength training will also be incorporated for toning and metabolic enhancement.

FOAM ROLLING / ABS By using the foam roller you not only target your abs, but also your arms, back and balance. Come in, unwind and stretch, this class will focus on the breathe, mind and body connection.

BARRE & UPPER BODY STRENGTH/CORE Sculpt your legs and glutes with easy-to-follow movement at the barre, this class will focus on increasing strength, balance and stability. Ideal for all fitness levels.

BARRE & PILATES FUSION Lengthen & strengthen your arms and legs using isometric movements then go to the mat with Pilates to improve flexibility & build core strength.

FOREVER FIT This safe and effective fitness class will help build density while improving endurance, strength, flexibility and balance. Great class to kick-start your new or improved fitness lifestyle.

TRX CIRCUIT This is a form of suspension training that uses body weight exercises to develop strength, balance, flexibility, and core stability simultaneously. This class will use free-weights and the TRX suspension strap to give you a full body workout.

BEYOND FOREVER FIT All that you love about Forever Fit class PLUS explore the new fitness area and expand your fitness knowledge. All fitness levels welcome.

BOXING CIRCUIT This circuit style boxing workout focuses on a variety of boxing drills including bag drills that build speed, punching power, accuracy and technique. This class is designed to provide a great cardio and full body workout for all fitness levels while developing/fine tuning boxing fundamentals.

INTERVAL STRENGTH TRAINING Moderate to fast paced class will work all of your muscle groups! Features a mix of free weights, bodyweight and functional and plyometric movements. Finish your class with a blast of core work.

POWER SCULPT Moderately paced fitness class combining cardio and compound strength training. This class will incorporate weights, med balls and step conditioning. Finish up with a blast of core work for a full body workout.

ZUMBA Get ready to sweat in this Latin flavor "fitness-party" class. Easy to follow, body energizing moves keep you motivated and inspired. A combination of fast and slow rhythms are used to sculpt and tone.
