- **S** BRAVO BOOTCAMP An encouraging, positive, team environment where everyone works together and no one is left behind. Each workout is designed to challenge all fitness levels with a mix of strength and cardiovascular exercises consisting of push-ups, sit ups, pull ups, squats, running/walking and more to increase endurance, power and strength!
- \$ HIIT BOOTCAMP This fast moving and fun class will challenge participants to give their best effort but encourage them to work at their own pace featuring everything from pushups, burpees, sleds and flipping tires!
- \$ HIIT FULL BODY Participants engage in a series of total body cardio and strength exercises reaching max effort with brief periods of rest in-between. The purpose of this class is to keep the heart rate consistently elevated in different target zones.
- \$ HIIT STRENGTH Move quickly from body weight moves to using weights and other fun accessories! This dynamic workout uses varied tempos and resistance to challenge your whole body.
- **SPIN** Intense group cycling class working both aerobically and anaerobically. An action packed ride that simulates real road conditions and is the ultimate calorie burner. Arrive 5 min. prior.
- SPIN MIX Combines indoor cycling fundamentals with weights and pulsing music that will make you move! Body sculpting sections that will give you a full-body cycle workout. Arrive 5 minutes prior.
- AQUA BLAST Get stronger and leaner with little impact on your joints using water resistance, aquatic dumbbells, noodles, steps and more. Come jump, kick and splash your way through this energizing class. Set to music and all fitness levels welcome.
- **PILATES** Link the mind and body through this core strengthening mat class. Techniques improve posture and alignment while increasing flexibility and range of motion.
- **BARRE** Strengthen the entire body, focusing on alignment and posture to improve balance, coordination, stability, strength and overall function. Most movements will use bodyweights but also incorporate equipment such as light dumbbells, mini ball and flat resistance band.
- **GENTLE YOGA** Focus on breath and body to improve health, emotional balance and mental clarity. All levels welcome.

MYOFASCIAL YOGA Unwind deep tension and restore freedom in your body with Myofascial Yoga, a slow, therapeutic practice that blends gentle yoga movement with myofascial release techniques. Using sustained stretches, mindful breath, and props (therapy balls, straps or blocks), we gently work through areas of restriction to improve posture, reduce stress, and bring the body back into balance.

- **SLOW MOTION YOGA** This class will focus on proper alignment as we move thru slow flow sequence. We will purposefully slow down the standard moves of a flow yoga class to access the small stabilizing muscles that need to engage to keep our practice safe and strong.
- **SLOW FLOW** Breath-centered yoga combining slow flow and Yin postures for balance, flexibility, and deep relaxation. Move mindfully, connect with your breath, and release tension at a gentle pace. All levels welcome.
- WARM VINYASA FLOW You will be guided through a series of poses designed for strength and flexibility. Bring a towel and a water bottle.
- PILATES YOGA FUSION Deep focus on core work while combining the flow and stretching aspects of yoga. Mindbody strength training will also be incorporated for toning and metabolic enhancement.
- BARRE & UPPER BODY STRENGTH/CORE Sculpt your legs and glutes with easy-to-follow movement at the barre, this class will focus on increasing strength, balance and stability. Ideal for all fitness levels.
- BARRE & PILATES FUSION Lengthen & strengthen your arms and legs using isometric movements then go to the mat with Pilates to improve flexibility & build core strength.
- FOREVER FIT This safe and effective fitness class will help build density while improving endurance, strength, flexibility and balance. Great class to kick-start your new or improved fitness lifestyle.
- **BOLLYWOOD** Bollywood is a high-energy dance-based full body workout that incorporates different styles and dynamic choreographies from Bhangra to Bollywood Film music. It makes the heart-rate travel from high-intensity intervals to medium and slower pace based on the beat and rhythm. This workout will treat you with lots of fun, variety and high energy cardio workout and modifications.
